MEMORANDUM FOR: Project Contracting Officer 25 January 1956  
THROUGH : Deputy Project Director  
SUBJECT : Lockheed's Estimate of the Cost of Flight Test Program

1. Herewith is Lockheed's estimate of the cost of the Flight Test Program beyond 1 January 1956. Presumably this is submitted under our established procedure as a modification in the scope of work in the basic Lockheed contract since the latter provided only for a flight test program through December 1955.

2. I would appreciate if the Project Deputy Director would confer with the Contracting Officer as to the reasonableness of these estimates. I assume that, in due time, a letter should go to Kelly in reply to this memorandum so as to give the Company written authorization for this fairly substantial addition to the scope of work.

RICHARD M. BISSELL, JR.  
Project Director
